

DESIGN YOUR OWN CAR MASCOT

A Mascot is an ornament on the bonnet of a car.
Some symbolise the car company like a badge.
Some are also beautiful designs which represent the owner or the artist.

Your challenge is to design your own mascot which represents you and your family.

Once you have designed your mascot, you could make a 3D model.

THINGS TO MAKE YOUR 3D MODEL

Recycled materials
Materials from nature (e.g. leaves, sticks)
Paper and card
Clay

INSPIRATION FOR YOUR MASCOT

If you need a little help to get started, think about the following as inspiration:

Hobbies
Sports
Nature
Animals
Machines

Below are some examples of car mascots from our collection at the National Motor Museum.

Lalique-Libellule

Hansell Policeman

Spirit of Ecstasy

Bugatti elephant 1929

1909 Paterson Flying Fish

Have fun and don't forget to share your creations with us on Twitter or Facebook using #NMMCreative
