

Print on thin card, or on to paper
and glue to an old cereal box.
Full instructions on next page.

Cut out and create your own *Golden Arrow*

How to make your **Golden Arrow**

Step 1: Carefully cut out all the shapes.

Step 2: Ask an adult to make slits where the white lines are.

Step 3: Fold along all the dotted lines.

Step 4: Make additional folds along the length of the body above the wheels.

Step 5: Fold the drivers head and glue or tape into the middle slot in the square

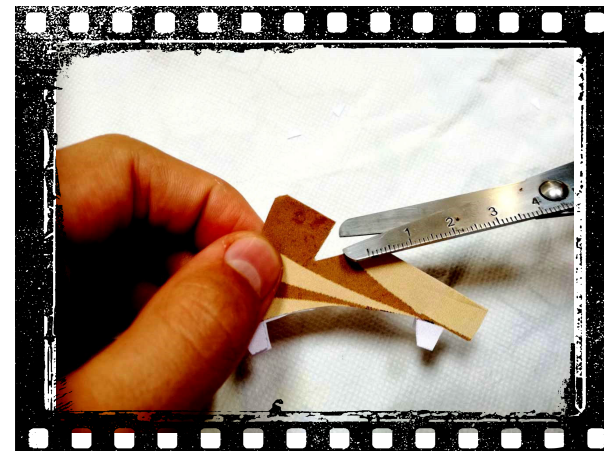

Step 6: Glue the windscreen in place.

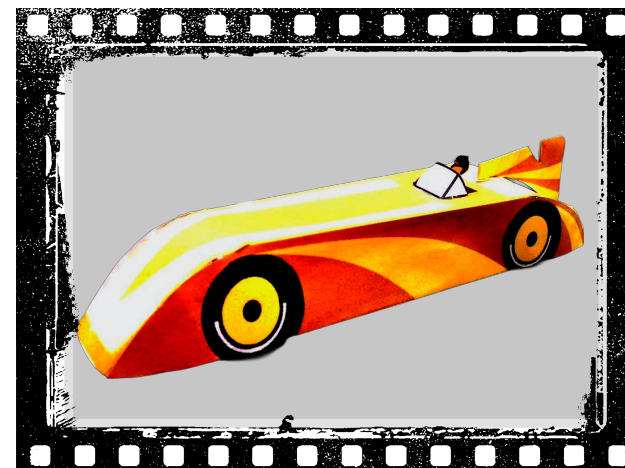

Step 7: Glue the base together.

Step 8: Glue the front and back

Step 9: Fold the tail fin together then cut out the white triangle.

Step 10. Glue or tape the tail fin in place.

Step 11. You are ready to go really fast!
