

Create your own thaumatrope game inspired by the Motoring in Miniature exhibition at the National Motor Museum. Share your creations online with #NMMcreative.

- ◆ Create a road scene in the left circle for your toy car.
- ◆ Colour in the two pictures.
- ◆ Cut along the solid lines and fold along the dotted line.
- ◆ Sellotape a stick (use a pencil or dowel) to the back of one of the circles with the top of the stick roughly in the centre of the circle.
- ◆ Glue the two circles together.

As you twist the stick you will see your two pictures merge into one.
